Legion Men Observe Armistice Day Here

Members of the American Legion will assemble at the Milam county court house, Friday morning at 11 o'clock at which time a salute will be fired honoring the world war dead. Immediately following the firing, the Legion will form a parade to march to the Ada Henderson cafeteria for a 12 o'clock turkey dinner and a special Armistice Day program.

F. E. Woodruff, chairman of the entertainment committee, announced there would be a ten minute musical program featured by each of the four Milam County Legion Posts sponsoring the exercises of the day, during the noon hour. Congressman

W. R. Poage will be the featured speaker of the occasion. Also during this time each post will be in position to take membership dues as the membership drive closes on this date.

Guests of the Legionaires for this dinner will be Gold Star mothers and fathers, members of the Draft Board and public officials. A dance at National Hall in the evening will conclude the Armistice Day program.

The Legion did not officially request business houses to close on Armistice Day here, but it has been customary in the past for the town to observe this holiday.

City Must Have More Water Funds

Difficulties continue to mount as the city makes slow progress in its program to acquire the properties of the water company.

It became known here Tuesday although no official announcement of any nature has ever been made in connection with the negotiation of the purchase of the plant, that the appraisers had fixed a value in excess of \$171,000 on the plant. The city had previously made a offer of \$130,000 making a difference of \$41,000 in the negotiations. In addition to the value fixed on the pro-

perties the company is demanding additional money for the values it places on a "going concern."

The city has \$150,000 in bonds which cannot be used. It will be necessary to vote a new issue in case an agreement is reached and the value agreed upon is demanded by the company. The city's tax rate is at the constitutional limit and cannot be increased but the bonds are revenue bearing and although the property of the people must underwrite the issue the indebtedness is to be retired from the earnings of the plant.

PROCLAMATION
No. 18547
BY THE

Governor of the State of Texas

To All to Whom These Presents Shall Come:

The Congress of the United States of America, having enacted Public Law No. 501, which was approved on May 13, 1938, making "November 11 of each year" a National Legal Holiday, "dedicated to the cause of world peace," such being a public holiday hereafter "in the same manner as New Year's, Washington's Birthday, Memorial Day, Fourth of July, Labor Day and Christmas;" and

The American Legion—an organization composed of American citizens who received an honorable discharge from the armed forces of the United States of America engaged in the World War which terminated soon after the signing of the Armistice between this Country and our Allies, and the Allies of the German Empire which became effective November 11, 1918—has called upon its membership of approximately one million in 11,458 communities in the United States and abroad to cause to be set aside the week of November 4-11, 1938, as

"AMERICAN LEGION WEEK"

in commemoration of the enactment of said law, the signing of the Armistice and the 20th anniversary of The American Legion, during which week its members are requested to arrange "Home Products Dinners" in their respective communities, featuring products of the State, inviting all World War Veterans to join and other citizens to participate, thus calling attention to the varied resources of our State in agriculture, stock raising and the like, and at the same time focus the attention of the American Nation upon:

The "Peace Through Preparedness" crusade of The American Legion "For Enduring Peace;"

The observance of National Education Week, which The American Legion has sponsored jointly with the National Education Association since 1921 for the purpose of raising the educational standards of our native-born, approximately two million of which become of voting age each year, and assisting the foreign-born to better assume their duties of citizenship; the necessity for eternal vigilance if our Country is to be saved from the on slaughter of subversive groups;

The militant campaign for aid to dependent children; The child welfare, public health, highway safety, unemployment and youth activity program designed to minimize juvenile delinquency;

Twenty years of unrelenting effort in behalf of rehabilitating the disabled, adequate care of the widows, orphans and other dependents of those brave men and women who paid the supreme sacrifice;

And varied community service activities in time of disaster and other emergencies.

NOW, THEREFORE, I, JAMES V. ALLRED, Governor of the State of Texas, do hereby set aside and proclaim November 4-11, 1938, as

AMERICAN LEGION WEEK IN TEXAS

By the Governor:
EDWARD CLARK,
Secretary of State.

JAMES V. ALLRED,
Governor of Texas.

RED CROSS ROLL CALL OPENS IN COUNTY

With the opening of the Red Cross roll call for 1938 a general summary of its activities were given for publication by Miss Jean Adams of Buckholts, publicity chairman.

The purpose of the American Red Cross roll call is to give each American a share in the work the organization does throughout the nation, that each may feel a responsibility for so worthy an undertaking.

Miss Adams says that disaster relief was the first work by the American Red Cross after its organization

in Washington in 1881. Says Miss Adams, "In the ensuing 57 years the flag of the American Red Cross has flown upon every scene of major disaster in the United States. Relief has been extended in more than 2200 disasters and the Red Cross has spent more than \$140,000,000 in this work."

Among other services rendered by the Red Cross is to ex-service men, disabled veterans and their dependents and in other ways keeps up

Methodist Church Gets New Pastor

Rev. A. J. McCary has been assigned the First Methodist Church of Cameron as a pastorate it was announced here this week. The Annual Methodist Conference was held in Longview and convened for five days. Judge Jeff T. Kemp of Cameron was a delegate from the local Methodist church.

Rev. McCary was formerly Presiding Elder of the Jacksonville District. He will preach his first sermon here on November 13.

Rev. J. Coy Williams, who has been pastor here for the past four years will go to Pittsburg to serve as pastor there.

Other appointments of interest to Milam county citizens are given in the following paragraph with names and places of assignment:

Rockdale, P. T. Ramsey; Thorndale, J. F. Garrett; Minerva, Aln Reed; Buckholts, T. D. McCreary. Former Milam county pastors, T. Miller Smith and W. R. Willis will go to Dew and Fairfield, respectively.

Judge Jeff Kemp Is Red Cross Roll Call Chairman

Judge Jeff T. Kemp is roll call chairman for the 1938 Red Cross membership drive. Cliff Werlla is associate chairman.

In accepting the chairman, Judge Kemp urged all citizens to join the Red Cross this year. The records show that only 1 per cent of the entire population contributed to the Red Cross last year. Appeals for aid are numerous and the only way the Red Cross can give aid to sick and unfortunate citizens of Milam county is for every community to contribute liberally.

J. P. Wise and G. C. Barmore Receive Awards

J. P. Wise of Maysfield was awarded the Thanksgiving turkey given away by the Hefley-Stedman Motor Company on last Saturday.

G. C. Barmore of Cameron received a free pass to the Cameron Theatre for every day this week as one of the awards.

A. S. DODSON BURIED TODAY

A. S. Dodson, 63, of Ben Arnold died at his home Tuesday night at 12 o'clock following a stroke of paralysis. Mr. Dodson suffered a stroke of paralysis on Sunday night and was thought to be improving but grew worse at 10 o'clock Tuesday night just before his death.

Mr. Dodson was born and reared in Maysfield, spent part of his early life in Ben Arnold, lived in Cameron for a number of years where he was employed at the Weems gin. Last year he moved back to his old home in Ben Arnold where he resided until his death.

Surviving deceased are his wife, Mrs. A. S. Dodson; three sons, Neal Nolan and Eddy Dodson of Cameron, two sisters, Mrs. S. S. Patton of Lott, and Mrs. Henry Reaves of Ben Arnold; one brother J. W. Dodson of Lexington and a number of other relatives.

Funeral services were held at 10:30 Thursday at the Ben Arnold Methodist Church with Rev. W. R. Blackman of Mexia officiating. Interment was made in Elm Grove cemetery with Green Funeral Home in charge of arrangements.

Mr. Dodson is well known here and has many friends throughout the county who are grieved to know of his death.

\$80,738.34 Subsidy Checks Received

Approximately twenty per cent of the 1937 subsidy checks have been received at the county agent's office totaling the amount of \$80,738.34. A total of 929 checks have been received practically all of them being small checks. Seven hundred applications have been submitted and approved. The local office expects a large per cent of the checks between now and December 1.

Subsidy checks received Wednesday morning amounting to \$13,000 brought the total amount received to date up to \$112,000 with approximately 1300 separate applications being paid.

Mrs. Tom Denson has returned from Dallas where she visited her daughter Mrs. William Mennis.

His Life Story

Reproduced from
The Dallas News

The special radio programs for particular events and occasions have always brought the greatest response. In these programs, often of a sacred or commercial nature, we have eliminated the commercial aspect completely, of course. But I have always taken some pride in the fact that as a commercial sponsor, it was possible that my business made it possible to put on such noncommercial hours and half hours.

One of the earliest programs to make wide appeal was that for Easter several years ago. It was written in as reverent a way as I knew how. It was from my heart, and that goes for the boys on the program as well. We gave it at 3:45 o'clock on Easter afternoon. The script read as follows:

In our vast radio audience on these Sunday afternoon programs we are told there are thousands of children and young people. We consider that an honor, that they are so attracted by our programs that they will remain at home to hear same, or that they will make sure there is a radio where they are going at this time.

In these days it takes really something to interest the youth of the land. And so on this Easter Sunday we are going to dedicate this first number to the thousands of sweet little girls and many little boys who consider Easter a day to dress up in beautiful clothes and to strut their stuff. I admire the girls who love pretty clothes. It is evidence of their purely feminine instinct. And I commend all fathers and mothers who work and slave to dress their children in nice clothes. And of course I sympathize with the boys and girls who today do not have their new outfits. But beneath the skin they are all akin.

Greatest Day of the Year

To the older boys and girls in our audience—those to whom clothes do not have such a strong appeal—let us pay tribute. It is to us older folks that Easter has its true sig-

strife and
Hopeless storm of death and said,
'Tis but a name—
Through it I came—

"And love was but a broken dream,
till Easter came,
Till He arose, the imaged Love of
Love,
And said, 'The truer, deeper is—
beyond—above!'
And love, a link of heaven and earth
became, and
Death a name,
Since Jesus came."

"Sometimes the detours are so rough that we forget to enjoy the smooth pavement where we should forget the hard jolts of the past. Sometimes we get so wet in the rain that we keep on grumbling about it while the sun is shining again. Sometimes we cry so much that our eyes become too dim to see all the beauty surrounding us.

Think of the Resurrection.

But now that the Savior has completed his demonstration of Love Eternal and Everlasting, let us think on His resurrection. Why keep on mourning His torture, His death and His burial? Let us be happy today, and rejoice. No matter how tough things get here on earth, let us all remember that we shall be happy hereafter through all eternity. This is W. Lee O'Daniel speaking, hoping you are all enjoying a most happy and joyful Easter.

This reminds me of another Easter later than the one I have just mentioned. It was an Easter Day specially sad and troubled for the parents and loved ones of all those helpless little victims of the New London school disaster. It was my privilege to add these words of attempted consolation on that other Easter Day:

Friends, I am not unmindful of the

agony of heart and despair of those fathers and mothers who have suffered such a tremendous loss. But as the tragedies of life must come, and as our hearts must bleed and ache when we lose our loved ones, is it not a blessing that this beautiful Easter should follow so closely upon that terrible catastrophe?

I can think of nothing else on this earth that could be more comforting and consoling to those broken hearted parents than to realize that at one time another Little Boy was snatched from His Parents and brutally hurled into eternity.

Next Week—Through the Year.

AGAIN- NEW CARS

• They're with us again, those shining new examples of the automotive engineer's ability to improve an already fine car. Each year, it seems, the automobile industry outdoes itself with increased comfort, economy, efficiency; and the new 1939 models are no exception to the rule. We recommend the new cars to your attention!

We also recommend that you shift the care of your new car to Humble's shoulders. Humble motor fuels, motor oils and lubricants are as modern as the new engines. Humble technicians have already foreseen and provided for 1939's innovations.

So drive your new car to the Humble sign for service. You'll find a station completely equipped and salesmen carefully trained to keep your car running right and looking good. You'll find a friendly, Texas welcome waiting for you, a genuine interest in giving you service with a capital S.

MAYSFIELD SCHOOL

Those on the Honor Roll for the first five weeks of school this term were:

First Grade—Carolyn Grey Banks, Tommy Gleason.

Second Grade—Dorothy Jane Massengale, Pat Gleason.

Third Grade—Billie Jean Angell, Billie Holloway, Addie Malone, Aileen Phipps, W. M. Phipps, Betty Sue Hairston, Elda Mae Smith, LaVerne Thweatt.

Fourth Grade—Thomas Thweatt.
Fifth Grade—Jewel Phipps, Betty Jo Thweatt.

Sixth Grade—Bob Newton.

Seventh Grade—Madeline Holloway, Jane Freeman, Jean Wise.

Ninth Grade—Bettie Freeman Ruth Phipps.

For this same period we had 54 pupils who were never tardy or missed a day. That was better than 50% of all those enrolled. In the room Attendance Contest Mrs. Linam's room was leading with a score of 96.5% and Miss Rettig's room was last with a score of 94.8%.

The Carnival at the school, Oct. 25, was a great success and we feel completely satisfied with the results. We thank all those who helped to

make it a success, especially the Coca Cola Company for the use of its loud-speaker system.

Last Friday night the Maysfield basketball teams met defeat again:

two fast-developing Briary Teams at Briary. Wednesday night of this week Ad Hall and Maysfield will clash in two good games on our home court.

We have also been thinking about the Interscholastic League Meet and are determined to take an active and significant part in the League this year.

it's economical to Cook Electrically

Electric cooking does save money. In the first place, much cooking may be done with the current turned off. Automatic oven heat and time controls prevent wasteful burning, making failures practically impossible. The thrift cooker or the oven will cook an entire meal with the same amount of current that cooks a single dish. Electric cooking saves the cook, too, there are no blackened pans to scrub. And it saves the cook's time, she may set the timer and go out, knowing that the meal will be perfectly cooked. Find out now how easily you may enjoy the advantages of electric cookery, and save money, too.

Joe Newton, Baylor University student from Cameron, was initiated into the Esquire club last night. The group is a social club for boys.

The home of Mrs. Jeff T. Kemp was the scene of the meeting of the Daughters of American Revolution last Thursday afternoon at three o'clock. Attractive fall flowers lent floral charm to the receiving room where a delightful and instructive program was given. Mrs. Thomas V. Adams, regent, presided at the opening of the business session. "Department of State" was the subject Mrs. Kemp ably handled, and Mrs. John Cecil Culpeper talked on "Bureau of Public Health Service." The hostess served delicious pumpkin pie, cheese balls and hot coffee at the conclusion of the program. Next meeting will be held December 1st with Mesdames Pearl Clemert and Hilton Culpeper as co-hostesses.

Cameron Symphony Club was entertained Wednesday afternoon at the Raymond Sharpe home, East 11th Street, with Miss Frances Sharpe and Mrs. Pope Sapp as co-hostesses.

Subject of study was the Opera "La Somnambula," led by Miss Dorothy Schiller. Closing the program a social hour was enjoyed when the hostesses served an appetizing salad plate with hot coffee. Miss Eleanor Bowmer will be hostess to the next meeting, at the home of her aunt, Mrs. J. W. Kemp, East 23rd Street.

An old-fashioned quilting which lasted all day, was enjoyed by many ladies at the home of Mrs. Melvin Weems Tuesday. At noon, lunch which was served buffet style was enjoyed by the following ladies: Mesdames Florence Pugh, Verge Richards, Turner Cooper, Isaac Coop-

er, Roy Richards, N. E. Dyer, Joe Cooper A. I. Dyer, Winnie Dyer, B. W. Dyer, R. G. Cone, D. C. Richards and Miss Lillie B. Dyer all of Minerva, and Mrs. J. M. Fuller of Yarrellton, Mrs. Thermond Donaldson, and Andrew Richards of North Elm, and the following ladies of Cameron: Mesdames Lucy Clifton, Jack Richards, Annie Richard, Misses Virginia Fuller, Josephine Richards, and Mrs. Buford Dobbs of Houston, and the hostess Mrs. Melvin Weems.

Mrs. Herbert Colburn of Yarrellton entertained twenty-eight guests on Wednesday night at her home in Yarrellton with a fifty-two party. After the fourteenth game had been concluded it was found that Mrs. Alton Bryant had won high score for the ladies and Don Slocumb of Cameron was awarded high for the men. A lovely cookie jar was presented to Mrs. Bryant as a prize and Mr. Slocumb received an attractive ash tray. A refreshment plate of baked apples with whipped cream and coffee was served. Several guests from Cameron were present.

The primary Sunday School class of the Baptist church enjoyed a Hallowe'en costume party on Friday afternoon, October 28, from 3:30 to 5 o'clock. There were approximately 70 in attendance, including members of the class, mothers and friends of the youngsters. Miss Winnie Henderson, teacher for the class, sponsored the program which included games and contests of interest to the guests. The church annex where the party was held was attractively decorated with Wattoe'en cats, witches and everything that goes to make a spooky atmosphere. Most of the youngsters appeared in costume, disguised and guessing who was who caused some merriment. At the conclusion of the party, refreshments were served.

Misses Elizabeth Fanning of Cameron and Elizabeth Underwood of Bartlett won an award given in a recent dormitory contest held at Mary Hardin-Baylor College. Five different awards were made for the five most attractive rooms and the room in Ruth Stribling Dormitory occupied by Miss Fanning and Miss Underwood won one of the gold seals, which are hung on their doors. Misses Fanning and Underwood, due to their observance of good health rules accumulating the necessary twenty-five grade points, have also been initiated into the Woman's Sports Association. They have pledged and been accepted into Alpha Literary Society with the formal initiation being held on last Tuesday night.

Miss Margarette Fisher, daughter of Mr. and Mrs. T. A. Fisher, who formerly lived in Cameron, has been elected to membership in the Phi Beta Kappa chapter at State University.

Miss Catherine Mode, daughter of Mr. and Mrs. George Mode of Cameron, was elected president of the Console club of Baylor University at a meeting of the group last week. Professor Robert Markham, organ instructor is sponsor of the club, which is for organ students.

Unlicensed Radio Operators Warned Against Violation Of Federal Law

W. I. Abbott, representative of the Federal Communications Commission, was in Cameron Wednesday morning investigating reports of unlicensed radio transmitting apparatuses being operated in this vicinity. Mr. Abbott said they had found three unlicensed stations that had been in operation in this county.

There is a federal law in effect prohibiting the operation of any radio station without license, and anyone violating this law is subject to \$10,000 fine or two years in prison for each offense, each day of operation being a separate offense and at least three different offenses in each case, that of not having an operator's license, a station license, and interference with licensed stations.

In most cases, Mr. Abbott said the offenders are high school boys who are not acquainted with the seriousness of the offense, and this means is used to communicate the fact to those who are contemplating engaging in amateur radio transmitting, that they will be prosecuted to the fullest extent of the law.

Three men from the Federal Communications Commission are now working in Texas on cases of this type, with headquarters in Dallas and Galveston. No money is required to apply for a license, however the application setting forth good reasons for operating must be sent to this commission and the rules and regulations must be obeyed by the operator. An agreement between the United States and other nations prohibits the operation of unlicensed stations because the interference with licensed stations would be too great.

By JAMES McMULLIN

Ruler C. E. Goresbeck, chairman of Electric Bond and Share, is the man of the hour in the utility industry. His announcement that the huge system he heads would file a voluntary plan for geographical integration of its properties in accordance with the holding company act has done more to dispel the atmosphere of mutual hostility between the government and the power companies than anything that has happened since Mr. Roosevelt took office.

Mr. Goresbeck, now in his sixties, began his career as an engineer with the old Byllesby utility outfit in the middle west. He was hired by Bond and Share originally as manager of their property in Salt Lake City. Sidney Zollicoffer Mitchell, the hard-boiled czar of the system, took a liking to him, brought him to New York and made him his right-hand man.

When Mitchell retired some years ago, Goresbeck was the logical choice to succeed him, though several other aspirants were quite put out because they didn't land the job. Goresbeck rules by diplomacy where Mitchell ruled by force.

Peaceful in marked contrast to his aggressive and ruthless patron, Goresbeck is a kindly, affable personality. Not at all combative by nature, he has probably never picked a fight of his own accord and much prefers to settle disputes by peaceful methods when possible. It should be recalled that Bond and Share's long legal battle with the securities and exchange commission over the constitutionality of the registration section of the holding company act was started by the government agency, not by the corporation.

Mr. Goresbeck has been acutely and uncomfortably aware that he and his company have been on the spot with the administration and the public. His decision to get off it by pledging voluntary co-operation with SEC was in character.

It would be premature to assume that the revamping of the complicated Bond and Share structure is all settled. Many troublesome details remain to be threshed out with the SEC before a definite solution can be put into effect. This will take many months, if not years.

The History club will meet with Mrs. John Cecil Culpeper at her home Thursday afternoon, with Miss Katherine Flinn as leader.

The History club met Tuesday afternoon at 3:30 with Mrs. John Cecil Culpeper and Mrs. T. S. Henderson as hostesses. Guests besides club members were Mesdames Mary Henderson, Vernon G. Miles, W. O. Triggs, Brown, Grace Kithridge and Mrs. Martha Lou Gilbert of Ottawa, Canada. Mrs. W. O. Triggs, a special guest for the evening was in charge of the program on Germany's Colonies.

Old Fasnioned Breakfast Grows in Favor Over Nation

More than 17,000 breakfasts are consumed by the man or woman who lives to be fifty or more, and modern American is swinging back to the old fashioned "heartly" breakfast and away from what amounts to nothing more than a morning tea. These and other facts about American breakfasts were disclosed in a recent survey conducted by the American Gas Association, according to J. R. Bush local gas company manager.

A substantial breakfast in from six to twenty minutes is now possible with modern gas ranges because of instant heat available with new type top burners and broilers, the survey showed. A good breakfast and very light lunch during the day is the preferred winter routine.

"America was founded on hearty breakfasts," says one leading food expert. "When a pioneer left the house in the clearing with gun in one hand and plow horse lines in the other, he was fortified for a long, hard day with pork, flapjacks, eggs, potatoes, and hot bread. Concentration of population and the hurry of business life cut short the time for breakfast preparation and consumption and lighter foods became popular. Modern gas cooking appliances, however, now make a good, substantial breakfast possible in a few minutes, and modern America is finding such breakfasts better for health and efficiency."

The quickest breakfast that will "stick to the ribs" is one of scrambled eggs, bacon, toast and coffee made with a gas coffee maker. Many housewives are able to prepare this menu in six minutes with modern gas ranges, the survey disclosed.

Broiler breakfasts are also increasing in popularity because the moment a new type broiler burner is ignited, full temperature is directed upon the rack of foods, placed in the lowest position. Toast, plain or French, thick slices of bacon or ham and grape fruit may be prepared quickly. Complete insulation of modern gas ranges retains the heat and even a broiler breakfast may be prepared in complete comfort.

Favorite menus appearing more and more at the breakfast table in homes all over the country are:

Applesauce with cream, broiled French toast, brown sugar syrup, hot malted drink-Coffee.

Mixed oven-baked dried fruit, scrambled eggs with chipped beef, raspberry jam, corn bread, Coffee, Milk.

Orange slices, Oatmeal, sausage, pecan and raisin muffins, coffee, milk.

Grapefruit, apple jelly, thin sliced ham and eggs, small biscuits, coffee, cocoa.

Oven baked prunes with lemon, Canadian bacon, fried mush, hot chocolate, coffee.

Canned fruit cup, scrapple, current jelly, melba toast, hot milk, coffee.

TIGERS HAND YOEMEN THEIR FOURTH STRAIGHT DEFEAT

Led by their backfield ace, T. A. Weems, a hard fighting Rockdale Tiger team handed the Cameron Yoemen their fourth straight defeat by winning the annual Yoemen-Tiger clash by a score of 14-0. Weems scored all of his team's 14 points. The Yoemen made an early threat in the first quarter but a strong Rockdale defense held the Yoemen in check. Harry Hughes stood out in the offense for the Yoemen. Hughes played the entire game despite the fact that his ankle injury was not completely healed. Billy Teuton of Rockdale turned in one of the most outstanding performances at end he has ever done before. Dymke was also brilliant at the Tiger end position. Yoemen line stars were Clifford Guess who played guard and called signals for the Yoemen, Morris Weems who as Co-Captain of the game turned in a stellar performance at tackle. Cameron chalked up 8 first downs to 5 for the Tigers.

Weems kicked off for the Tigers and the Yoemen got the ball on the 35 yard line. Here as the game opened the Yoemen opened up with so brilliant an attack that the Tigers

were completely in the dark as to how to stop the off tackle thrusts of Harry Hughes. From his own 35 yard line Hughes carried the ball for twenty successive plays putting the ball on the Rockdale Tiger 3 yard line only to have the Tiger line hold the Yoemen off without making a score. The remainder of the quarter was simply and exchange of the ball.

As the second quarter opened Doss of Rockdale made 13 yards to the Yoe 35 yard line. Weems made 3 more. Weems then lost 4 on a fumble but he recovered the ball. The ball lay on the Yoe 33. Weems faded to pass and shot one to Billy Teuton on the Yoe High 4 yard line which was complete. Weems plowed through the line to the six-inch line. On the next play Weems went over. Weems kicked the ball from placement to add the extra point and make the score 7-0.

Lazek kicked off to the Tiger 20 yard line. The Tigers failed to gain on line plays so Weems kicked to the Yoe 20 yard line. Hughes picked up 5. Hughes made 2 more. Lucas made 4 more and a first down. Hughes lost 16 yards on a bad center. Hughes then made 3 more. Weems then jumped high to intercept a Yoe High pass on the Yoe 30 yard line and ran the ball over the goal untouched for a touchdown. Weems added the extra point from placement to make the score 14-0.

FARM CLUB NEWS

Dorothy Porter,
County Home Dem. Agent,
Milam County:

Mrs. Hood Caldwell of the Bethlehem Club had planned to repaper and refinish the interior of her home but took the kitchen demonstration and had the contractor figure in a cabinet and sink too. A cabinet without top section met her needs. A sink 18x30 and plumbing was installed so that water can be put in when a pump is obtained. As Mrs. Caldwell hired all work done and used first class material and workmanship throughout, she can not boast of having done the work cheaply, but she does have a kitchen that will fill her needs, probably for the rest of her life.

Work to provide the kitchen improved by Mrs. John McAtee of the Burlington Club was done some years before Mrs. McAtee became kitchen improvement demonstrator. A porch had been enlarged and a wall removed in enlarging the living room was used for the inside kitchen wall and some needed flooring. The sink was installed and water brought in by including the cistern in the back porch and putting a pump over it. After 5 years of use, Mrs. McAtee felt that

it only needed refreshing. The green walls were painted a lighter green with cream trimming. New curtains completed the change.

Mrs. Pearl Cass, of the Gause Club, rearranged the partitions in her house to give her a small compact and a separate dining room. Mrs. Cass spent \$18.20. Her kitchen has a well built cabinet and a small sink. Water is brought in from a well a distance from the house by means of a barrel at the well that is filled as needed.

Being a tenant farmer did not keep Mrs. Rosa Tomancak of Lilac from making her kitchen more convenient as well as more attractive. Mrs. Tomancak had the lower part of her cabinet and in this she installed a small sink made by the plumber. The upper cabinets—one on each side of the window—are hung on the wall with hooks and screw eyes. Water has to be hauled at this place so a barrel was put on a platform outside and it is filled giving running water at the sink. The walls were calomined and the floor given a linseed oil treatment. The total spent was \$9.80. Of this amount only \$1.40 is in materials that will be left behind when and if the family moves. Hens and tomatoes were sold to pay the bill.

The demonstration flock of Mrs. Fred Lambert of Clarkson had averaged 133 eggs per hen from the period of January 18 to October 20—9 months and 8 days. The hens had an average profit of \$1.22 in the same period, and had produced 40 pullets to be added to the flock and 15 fryers to be sold. These are Spangled Hamburg chickens—a breed she keeps because she finds them profitable and to keep them separated from the White Leghorn flock on the same place.

The hens have a roomy, well ventilated house, there are 12 nests and feed and water are kept inside the house. They are yarded and provided with green feed. Laying mash, grain and plenty of clean water are given them.

Mr. and Mrs. G. H. Beckhusen of Bryant Station became poultry demonstrators in order to get help in

making their poultry more profitable. Prior to 1937 the poultry flock had roamed the farm and the place was badly infested with blue bugs. In 1937 they enclosed a plot of ground with poultry wire. This was used for brooding chicks and raising green feed. When the Beckhusen's became demonstrators they got plans for a large gable roof poultry house and built this in the poultry yard. The house cost \$175 and they expected to make the poultry pay for it in 4 years, but according to records kept this year, only 2 years should be required. This year they have received \$480.62 exclusive of poultry used at home and have spent \$135.41 exclusive of the poultry house. The profit is \$345.21.

Besides using a good housing and yarding system, they follow a good feeding plan using commercial mash, home grown grain, skim milk, green feed, oyster shell and plenty of water. Mrs. Beckhusen states that the plan followed has cut down mortality and raised production, but she is unable to state how much for she has never kept records before.

Mrs. Beuna Chambers,
Bryant Station Home Dem. Club,
Rogers, Texas, Rt. 2:

One menu for all the family was one important idea brought out in the discussion of "Child Nutrition," at the October 27th meeting of the Bryant Station Club, in the home of Mrs. Hugh McVay.

One menu for the family may be hearty enough for the grown-ups, yet prepared simply enough for the children, saving mother the extra time and work involved in preparing special dishes for the children. For example: Broiled steak, stewed tomatoes with celery, toast, milk, and creamy rice with apricots.

The highlight of the social hour which followed the business meeting and program was a handkerchief shower for Mrs. S. C. Wilson who expects to move out of the community soon after having lived here many years.

One new member Mrs. C. W. Hudson was present, five visitors: C. L. Williams, Mrs. H. C. Crouch, Miss Mamie Crouch, Mrs. Fritz Senkel and daughter Miss Pearl Senkel, and nine old members.

The next meeting will be with Mrs.

C. L. Lively on Nov. 10th. Miss Dorothy Porter County Home Demonstration agent will give a demonstration on "Using Canned Poultry." Visitors are always welcome.

Mrs. Roy Harris,
Milam Co. H-D Council Reporter,
Rockdale, Texas, Rt. 3:

The Milam County Home Demonstration Council met at the Court House October 26th, when 12 clubs were represented. The total attendance was 32 with 12 presidents, 12 delegates, 2 special members and 6 visitors present.

Mrs. H. L. Colbert, chairman, called the meeting to order at 2 p. m. Communications requiring action was read by Mrs. S. S. Hickman. Reports of standing business committees were made by Mrs. E. G. Tucker, Yearbook chairman; Mrs. Louis Modessette, chairman of expansion committee. Reports of standing committees were made by Mrs. Roy Harris, chairman of reporters committees; Mrs. L. J. Bonbright, chairman of sponsors committee. Officers

elected for 1939 were: Council chairman, Mrs. E. G. Tucker, Tracy Club; Vice Chairman, Mrs. Floyd Horton, Bethlehem Club; Secretary and Treasurer, Mrs. Kay Moore, West Milam Club; and Parliamentarian, Mrs. Otis Charles of the Duncan Club.

Winnelle Kidd spent the week end in Austin visiting friends.

Visitors in the home of Mr. and Mrs. Alec Henderson on Sunday were Mr. and Mrs. Jewel Reaves and daughters of Ben Arnold, Mrs. G. A. Plentl of Cameron and Mrs. Boykin of Ben Arnold.

Miss Emma Thomas, who teaches school at Lawson, has returned to her work.

Do you know

—that the new gas ranges are so improved in efficiency that you can cook a good breakfast for three people for as little as one cent? They cook faster, better, too!

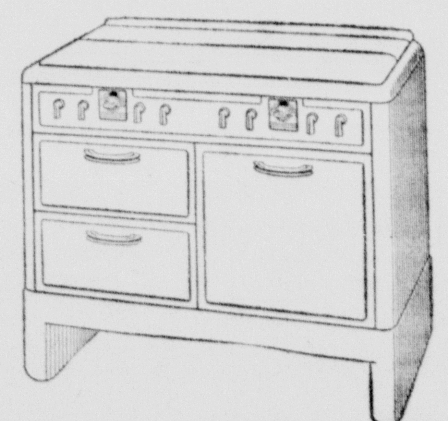

TO SCHOOL
CONTENTED AFTER A

WHOLEsome WARM BREAKFAST

Wise is the mother who takes extra precaution in guarding the health of her children during the winter school season. The combination of school work and damp, chilling weather keeps them indoors much of the time. Their systems miss the fresh air and sunshine of summer play. That's why wise mothers see that they have three wholesome warm meals a day.

For preserving the vitamin and mineral content of vegetables the new gas ranges have simmer burners for waterless cooking. Their broilers grill foods twice as quickly to preserve health-giving juices. In these and many other ways the modern gas range helps wise mothers to guard their children's health through better cooked meals.

Special Terms and
Trade-in Allowance

If you want better cooked meals with less work and at less cost, why not trade your present range in on one of the sparkling new gas automatics? Monthly payments make one so easy to own.

NEWS FROM BEN ARNOLD

A group of the Ben Arnold school children are planning to take a trip to the State Penitentiary Saturday. We are planning to leave early Saturday morning and return late in the afternoon.

Elwood Birkelbach preached at the Methodist church in Cameron Sunday.

Frederick Collins who has been ill with roseola for two days is well-combed back.

The eighth and ninth grades have been taking tests. They had four tests in mathematics and have not passed one so far. The tests have been on formulas for circles, trapezoids and triangles.

We hope the weather permits us to play some basketball during the next few days.

The trustees have been kind enough to grant us a holiday on Armistice Day.

CAMERON B SQUAD

Leaving Sharp still in the undefeated class, the Cameron B Squad was able to hold the heavy, experienced Sharp team to a 20 to 0 score, one which, by all previous indications, should have been much larger. The Cameron boys played an improved form of ball over that shown in the Holland game and did well to keep Sharp's score at 20. Sharp scored on center plunges and end runs and was threatened once by Cameron in the 3rd period when passes placed the ball on Sharp's 15 yard stripe. The pass offense of Patterson's men functioned well, accounting for most of Cameron's yardage. Not until the 3rd quarter was the Cameron pass offense able to stop effectively the passing of the potent Sharp team. Hrozek captained the game and Aycock was outstanding for the local boys.

On the Yoe High Athletic Field tonight at 8 o'clock the Cameron B Squad will meet the Rogers Eagles for the second game of this season. The first game was won by Rogers on September 29th 6 to 0, a game in which a majority of Patterson's men made their initial football appearance. Tonight the boys are out to avenge that defeat and the reports indicate a real ball game. The test of loyalty is not in supporting a 100 per cent winning team, but in standing behind that team winning or losing. Come and see the Cameron-Rogers game tonight at 8. Admission 10c for children 15c for adults.

HOMEMAKER'S CLUB

The home economics classes of Buckholts organized their Future Homemakers Club on November 3, under the direction of Miss Melba Minnox. The following officers were elected: President, Margaret Machann, Vice President, Myrtis Martin, Secretary Martha McClain, Treasurer, Lela Fuchs, Historian, Hazel Fikes, Reporter, Lavern Able, Parliamentarian, Rosie Tomascik, and Song Leader, Juanita Zawadzke.

The club will meet the second Wednesday in every month at which time programs pertaining to homemaking will be presented.

Y. W. A.

The local Y. W. A. met on last Thursday night with Lois Randolph with thirteen members present. Miss Kathryn Terry led the program which was a discussion on China and its problems. After a report from the Personal Service Committee, which disclosed the acute need of a family of motherless children who live in this county, the association voted to supply needed food for this family throughout the winter. The adoption of this family by the Y. W. A. is their project for the next few months.

Radio to Tell Red Cross History

The radio will be used this year to tell the story of the Red Cross in Texas. Over the Texas Quality Network, Saturday, November 12, from 9:30 to 10 o'clock p. m. the story will be told.

This story will bring to radio land the whole background of the spirit of service rendered by the Red Cross in Texas since 1886. W. Lee O'Daniel, the next governor of Texas, will conclude this program with a three-minute address.

Incident to the roll call campaign in Milam county, it is shown that during the past year only 1 per cent of the entire population contributed, which means roughly that only 4000 memberships were sold to a population of 40,000 people in this county.

During the past year powdered yeast was distributed to pellagra sufferers by the Milam county chapter of Red Cross. Also 20 families were benefited by this service.

Guy Haynes, principal of the Ada Henderson school, is directing a Junior Red Cross and Guy T. Newton, superintendent of public schools, will supervise a program of accident prevention on the farms and in the homes of the county.

100 Get Jobs

R. C. Moody, Manager of the local office of the Texas State Employment Service, reports 100 jobs were found for local people during October, 76 in private industry and 24 on public works. Last month 221 individuals registered for employment at this office. These positions were filled as a result of employers requests.

LAURENCE SLAMA, SR. BURIED HERE THURSDAY

Laurence Slama, Sr., 81, died at his home here in Cameron at 5 p. m. Wednesday, Nov. 2. Mr. Slama had been ill since the preceding Sunday and gradually grew worse until his death on Wednesday.

Mr. Slama was born in Czechoslovakia on July 26, 1857, but came to the United States and settled in Texas near the little town of Industry in Austin County, when he was a boy 15 years old. He later moved to Burleson county where he was actively engaged in farming for a number of years. Seventeen years ago, in 1921, he retired from active farming and moved to Cameron where he lived until the time of his death. He served as night watchman at the compress for two years but during the last few years, he was not actively engaged in any type of business.

Funeral services were conducted at the family residence at 3:30 p. m. Thursday, Nov. 3rd, with Rev. O. C. Acree, pastor of the First Presbyterian Church Cameron and Rev. Hal-

bert, pastor of the Baptist church of Bellville, officiating. Interment was made in Oakhill Cemetery, Coleman Funeral home in charge.

He is survived by his wife, Mrs. Laurence Slama, Sr., two sons, Laurence Slama, Jr. of Cameron, and Steve Slama of Bryan; three daughters, Mrs. Vince Pavlas of Caldwell, Mrs. H. L. Dakel of Cameron, and Mrs. Jim Bird of Caldwell, one brother, Joe Slama of Bellville, one sister, Mrs. Albert Dusenkey of Chapel Hill; nineteen grand children, and two great-grand children.

Pall bearers were his grand sons, Vince, Alvin, Leo and Ladis Pavlas, Ernest and Robert Lee Dakel, Wilbur Bird and Steve Slama, Jr. Honorary pall bearers were members of the S. P. J. S. T. Lodge.

Mr. Slama was well known here and in surrounding communities and has many friends who were sorry to learn of his death.

Edward Schiller, who is a student at State University, Austin, spent the week end at his home here.

Judge Jeff T. Kemp attended the Annual Methodist Conference in Longview last week.

Roll Call (Continued from page 1)

the work it so well advanced during the late world war. First aid training is another service rendered by the Red Cross and in this way thousands of lives of injured have been saved through prompt treatment of wounds and a result of a knowledge of life saving by those who were at the scene of the accident and could apply what they had been taught through this service. Another service this year is aiding those who are injured in accidents on American highways. First aid stations along the roads and in tourist camps have been established and men are being trained to man these stations which are operated on a voluntary basis.

Red Cross nurses are dispatched to communities to fight epidemics and to assist local authorities in the work of better health methods.

Civilian relief takes into consideration the purchase and use of appliances for crippled children, distribution of garments for the poor, printing of books in the Braille system for the blind and many other phases of work so badly needed in this field.

A Junior Red Cross system has been organized in the county. The motto is "I Serve." Through the Red Cross the exchange of correspondence with children of other nations is possible and there are 18,000,000 children enrolled in the 52 nations of the earth in the Junior

Red Cross.

All phases of relief contemplated by these funds at some time finds its beneficial way to those in need in Milam county, therefore every citizen is urged to do his share by joining the Red Cross.

CHRISTIAN SCIENCE SERVICE

"Mortals and Immortals" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Nov. 13th.

The Golden Text is: "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new" (II Corinthians 5:17.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "We that are in this tabernacle do groan, being burdened: not for that we would be unclothed, but clothed upon, that mortality might be swallowed up of life" (II Corinthians 5:4.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "God is the Principle of man, and man is the idea of God. Hence man is not mortal nor material. Mortals will disappear and immortals, or the children of God, will appear as the only and eternal verities of man" (page 476.)

NEWS FROM BUCKHOLTS

Miss La Verne Goff of Austin spent the week end in the home of Mr. and Mrs. Miles Pealer.

Miss Mary Walschak, who teaches at Luling, was a week end visitor here.

Dr. and Mrs. Edward Zeline of Cameron and Mrs. J. B. Logan of Houston were 6 o'clock dinner guests in the home of Mr. and Mrs. V. A. Kubecka on Tuesday of the past week.

Mrs. True Loftin and son, W. H. of Houston were week end guests here.

Mrs. Hardy Scarborough accompanied by her daughter, Mrs. Bob Bailey of Cameron shopped in Temple Saturday.

Mr. and Mrs. V. A. Kubecka, son LeRoy and Mrs. John Kirschke attended the funeral of Rudolph Marek, a relative, in Temple Sunday.

Miss Leah Horstmann of Lubbock visited relatives here the past week. Messrs. Rawleigh and Ellis Blankenship of Santa Barbara, Calif., were week end guests of Buckholts relatives.

Martin J. Ermis, 36, died at the home of his father, Frank Ermis, at 10 p. m., November 1, after an illness of several months. Mr. Ermis was born and reared on a farm near Buckholts and had many friends who mourn his passing. He was married
